

Declared Noxious Weed List of Lane Cove Council

Noxious weeds require control as per the Action Category listed below. The owner of the property is required to comply with legal obligations under the Noxious Weeds Act, 1993 to carry out the control action indicated by their category.

Category Control	Control Action
1	<i>State Prohibited Weeds.</i> The plant must be eradicated from the land and the land must be kept free of the plant. The control objective for weed control class 1 is to prevent the introduction and establishment of those plants in NSW.
2	<i>Regionally Prohibited Weeds.</i> The plant must be eradicated from the land and the land must be kept free of the plant. The control objective for weed control class 2 is to prevent the introduction and establishment of those plants in parts of NSW.
3	<i>Regionally Controlled Weeds.</i> The plant must be fully and continuously suppressed and destroyed. The control objective for weed control class 3 is to reduce the area and the impact of those plants in parts of NSW.
4	<i>Locally Controlled Weeds.</i> The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority and the plant may not be sold, propagated or knowingly distributed. The control objective for weed control class 4 is to minimise the negative impact of those plants on the economy, community or environment of NSW.
5	<i>Restricted Plants.</i> The requirements in the Noxious Weeds Act 1993 for a notifiable weed must be complied with. The control objective for weed control class 5 is to prevent introduction of those plants into NSW, the spread of those plants within NSW or from NSW to another jurisdiction.
